

## Protecting your customers' money and your reputation

NetGuardians is an award-winning Swiss FinTech helping financial institutions in over 30 countries to fight fraud. More than 80 banks and wealth managers, including 40 percent of all Swiss state-owned commercial banks and three of the top 10 private banks as ranked by Euromoney, rely on NetGuardians' 3D artificial intelligence (3D AI) solution to prevent fraudulent payments in real time.

Banks using NetGuardians' software have achieved an 85 percent reduction in customer friction, enjoy more than 75 percent lower operating costs and have detected new fraud cases. NetGuardians is the fraud-prevention partner of major banking software companies including Finastra, Avaloq, Mambu, and Finacle. NetGuardians was listed as a representative vendor in Gartner's 2020 Market Guide for Online Fraud Detection and Global Leader in the Aite-Novarica's 2021 Fraud and AML Machine Learning Platforms Report. Headquartered in Switzerland, NetGuardians has offices in Singapore, Kenya, and Poland.

### Ready-to-go AI risk models

Stop fraud from day one.

We democratize AI for fraud prevention with ready-to-go models. No need for data science skills, lengthy and complex data science projects.

### Seamless integration

Pre-integrated with major banking software providers such as Avaloq, Finacle, Finastra, Temenos, Mambu and more.

No need for cumbersome and time-consuming integration projects within your organization. Get it easily in the cloud or on premise.

### Unrivalled efficiency

+75% cost savings on fraud prevention operations.

Reduce the number of payments to block by 85% while increasing the fraud detection rate to 98%. Protect your customers and ensure the best customer experience.
